6W Downlight Loudspeaker

Omega Spot

OMEGA SPOT- SPOTLIGHT/DOWNLIGHT LOUDSPEAKER

95mm Spotlight / Downlight loudspeaker 100v line.

Quick and easy installation in false ceilings of varying thickness thanks to the adaptable spring hooks and the standard size of the mounting hole. The Omega Spot is the smallest in the Omega range of full range speakers that can be flush-mounted in false ceilings like normal halogen spots used in lighting systems.

Fastfit:

For paging and background music

2.5" extended range loudspeaker

Low impedance (8 Ohm) or 100V

For paging and background music

Music power / RMS: 24 / 6 W

2.5" extended range loudspeaker

Built-in multi-tapped transformer for 100/70V constant voltage connection

Ease of installation in standard holes used for lightspots

TECHNICAL SPECIFICATIONS

Order Code:	01-0053-C09
Model:	Omega Spot
Power Taps:	6,3W, 1.5w & 8 Ohm
Max Power:	6W
Line Voltage:	100v
Frequency Response:	120-20kHz
Sensitivity:	87 \pm 3dB
Colour:	White
Cut-out:	(mm):dia 95mm
Material:	ABS
Weight:	500g
Size:	Dia 103mm x 80 mmin/cm
