MOUNTING FRAME TAPPED M3

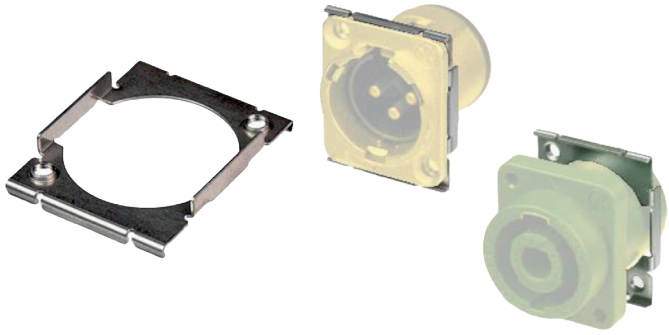

40-790 MOUNTING FRAME Tapped M3, for Neutrik D-series and similar connectors

DESCRIPTION

This fixing plate with M3 threads offers efficient and easy mounting of all D-sized panel connectors, without the need for nuts. It can be used with the connectors mounted front or rear of the panel by M3 screws.

Suitable M3 pozi countersunk screws are available in a variety of lengths to accommodate front or rear mounting and a range of panel thicknesses, in two finishes - ZCP (zinc plated, clear passivated) and CB (chemical black).

14-221 M3 POZI SCREW Csk, MS, ZCP, 6mm (pack of 100)
14-321 M3 POZI SCREW Csk, MS, CB, 6mm (pack of 100)
14-222 M3 POZI SCREW Csk, MS, ZCP, 8mm (pack of 100)
14-322 M3 POZI SCREW Csk, MS, CB, 8mm (pack of 100)
14-223 M3 POZI SCREW Csk, MS, ZCP, 10mm (pack of 100)
14-323 M3 POZI SCREW Csk, MS, CB, 10mm (pack of 100)

Application note:

These tapped mounting frames are not suitable for use with rack mount and half rack mount universal connection panels and modular connection plates for 4x universal connectors, (45-3714, 45-3814, 45-3914).
