

CANFORD RACK FASTENERS - Universal

15-2621 CANFORD ES3830015-T PANEL FIXING KIT Nickel (pack of 50 bolts, washers and cage nuts)

15-2622 CANFORD ES3830015/B PANEL FIXING KIT Black (pack of 50 bolts, washers and cage nuts)

15-2625 CANFORD ES3830015 PANEL FIXING KIT Nickel (pack of 50 bolts, washers and cage nuts)

Fixing accessory kits for 19-inch racks containing 50 M6 bolts, washers and cage-nuts

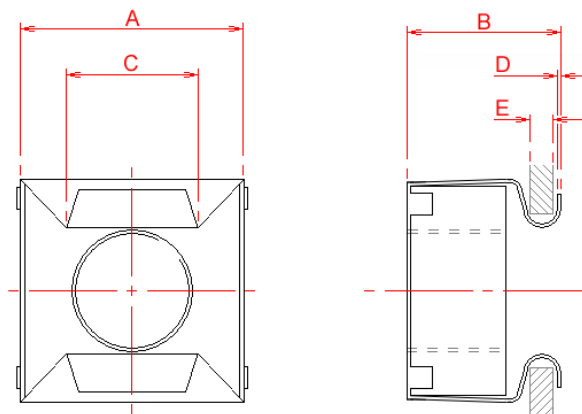

Bolts have a M6 x 16mm long thread with a slotted cheese head in either a nickel or black finish. Washers are black, plastic, cup style, to suit M6 cheese head bolts.

Cage nuts have a M6 thread with two variants to accommodate different rack strip thickness designed to fit a 9.0 -9.5mm square aperture found on standard rack strips.

15-2621	Nickel finish bolts	Cage nuts to fit 1.6 - 2.64mm thick rack strips
15-2622	Black finish bolts	Cage nuts to fit 1.6 - 2.64mm thick rack strips
15-2625	Nickel finish bolts	Cage nuts to fit 0.71 - 1.63mm thick rack strips

15-2621 and 15-2622 can be used with Canford double angle rack strip 16-105, Canford ES series racks and rack cabinets and CP Strato rack cases and any other rack strip with a thickness of material 1.60 - 2.64mm.

15-2625 can be used with Canford single angle rack strip 16-106, Canford flight cases, Canford rack trolleys and K&M rack trolleys and any other rack strip with a thickness of material 0.71 - 1.63mm.

Cage Nut in Kit	A	B	C	D	E
15-2621/15-2622	13.2	9.3	8.2	0.50	1.60 - 2.64
15-2625	13.2	8.3	8.2	0.50	0.71 - 1.63
