CANFORD JOINING PLATES For half rack width panel

45-3360 CANFORD JOINING PLATE For half rack width panel, 1U
45-3361 CANFORD JOINING PLATE For half rack width panel, 2U
45-3362 CANFORD JOINING PLATE For half rack width panel, 3U

FITTING INSTRUCTIONS (1U bracket illustrated)

As well as the bracket you will need at least four cage nuts and rack bolts, (not included with plate).

You could possible use:-

16-026 RACKMOUNT CAGE NUTS For 1.63-2.64mm material thickness (pack of 25)

16-087 RACKMOUNT BOLTS Cheese, slotted, black, 20mm (pack of 25)

16-085 RACKMOUNT WASHERS Flanged, black plastic (pack of 25)

Fit the cage nuts to the joining plate:-

Present the joining plate to the back of two half rack width panels and secure using the rack bolts.

The joined panels can now be installed into a standard 19" width rack cabinet.
