Product Information Sheet

HDMI CABLE ULTRA HIGH SPEED

38-9081 HDMI CABLE Ultra high speed, 0.5 metres
38-9082 HDMI CABLE ULTRA HIGH SPEED, 1 METRE
38-9083 HDMI CABLE Ultra high speed, 2 metres
38-9084 HDMI CABLE ULTRA HIGH SPEED, 3 METRES
38-9085 HDMI CABLE Ultra high speed, 5 metres

DESCRIPTION

Ultra high speed HDMI cable terminated with type A HDMI plugs capable of transporting video resolutions up to and including 8K at 60Hz. Cable is nylon-braided with the HDMI plugs featuring gold-plated plug contacts, aluminium shell and moulded plastic strain-relief.

Cables are appropriately screened reducing the effects of EMI interference with nearby wireless devices etc.

Backwards compatible with earlier versions of the HDMI Specification allowing use with existing HDMI devices.

SUPPORTS

Auto Low Latency Mode (ALLM)
Enhanced Audio Return Channel (eARC)
Quick Frame Transport (QFT)
Quick Media Switching (QMS)
Variable Refresh Rate (VRR)
Earlier HDMI versions
HDMI Ethernet Channel
