

## FLEXIBLE MAINS 3 core, Black rubber

33-341 FLEXIBLE MAINS 3 core 1.5 sq.mm, Black rubber

33-351 FLEXIBLE MAINS 3 core 2.5 sq.mm, Black rubber

33-371 FLEXIBLE MAINS 3 core 6 sq.mm, Black rubber

H07RN-F cables characterised by flexible plain copper conductors with a rubber insulation surrounded by a further Polychloroprene sheath. H07RN-F cables have the capacity to withstand most weather conditions with good resistance to oils and greases. Also good at withstanding mechanical and thermal stresses.

Temperature rating -25°C to 60°C

Voltage 450/750V

Outer sheath colour Black

	Size mm <sup>2</sup>	Stranding	Voltage Drop V/A/km	Resistance Ω/km	O.D. mm	Weight kg/km
