

## Product specification sheet

Product title | 3i-2217-10WMC null

### Description

The 3i-221710WMC iSeries 2217-10 2U Wireless Mic Fly Rack expands on our popular Fly Rack series, allowing for transport of both rack equipment and wireless transmitters all in the same case. This wireless microphone fly rack features a 2 RU injection molded rack frame with space below for four wireless hand held transmitters and four body pack transmitters, with additional space for smaller accessories. This is an excellent solution for broadcasters and touring groups.

SKB's injection molded rack frames are manufactured alongside our iSeries cases in Orange, California. Rack frames are removable and fit easily into SKB's iSeries cases, where they are protected by high quality PE foam that provides space for protruding knobs and buttons.

At less than half the weight of standard shock racks, SKB Fly Racks feature iSeries Watertight injection molded cases that are under 62 linear inches to keep from being oversized the perfect solution for flying or shipping delicate equipment. Convenient in-line wheels and a push button release pull handle provide easy transport.
