

## 27-873 TECPRO Spare belt clip for BP5 series backpack

Twin release beltclip for the BP5 series Tecpro backpacks. Manufactured using Acetal, this material has good tensile strength and surface hardness. As such this clip is ideal for the 'hard life' imposed on communication equipment used in typical Theatre, Pro A/V and Broadcast applications. Physical properties remain consistent across a wide range temperature and weather conditions.

|                           |  |
|---------------------------|--|
| Material                  | Acetal   |
